## PLASTIC BAN POLICY

The college developed the policy based on the UGC Guidelines for Ban of Plastic Use in Higher Education Institutions. The policy aims to make our campus 'plastic-free' by systematically banning use of plastics and replacing the same with suitable environment- friendly substitutes. The policy aims at:

- Prohibiting the use of single-use plastics at the college's canteen and other areas.
- Conducting sensitization and awareness campaigns on the negative impacts of single-use plastics.
- Using alternate materials, such as paper pens, cloth bags, and drinking water facilities, can help reduce the amount of plastic water bottles on campus.
- Segregating the wastes at the point of generation and then transferred, via authorized trash collection service, to approved waste processing centers, disposal sites, or deposition centers.
- All events organized inside the campus should strictly follow plastic ban guidelines.
