POLICY ON AWARD OF SCHOLARSHIPS AND FREESHIPS

The college assists students in applying for various State and Central scholarships and for financial support from non-governmental organisations to deserving students from economically disadvantaged backgrounds and other social groups. The institution's scholarship policy outlines the process for awarding scholarships. The policies and guidelines of the university, the state, or the federal government apply to all the scholarship programmes.

The following measures are taken to help deserving and meritorious students to avail scholarships/freeships:

- Eligibility is determined by institutional data, financial records, and academic records provided by the students.
- The students must apply for these scholarships at the time of admission only. They cannot be claimed later under any circumstances.
- To keep availing these scholarships, students must continue to meet predefined academic standards including maintaining a minimum attendance in every semester as specified in the rules and regulations of the sanctioning authority.
- If a student fails to fulfill the scholarship continuation criteria, the scholarship will be discontinued or withdrawn.
- Payment of scholarships will be through online transfer/cash payment/cheque payment as per rules and regulations
- In addition, the college collaborates with alumni, retired faculty and non-government agencies to institute scholarships, freeships and endowments.
- Students are sensitized to avail governmental / nongovernmental endowments / scholarships.
